Water Table Sinking

With summer at the threshold, DC holds emergency meeting to address the problem

Mysuru, Feb.2 (RK&NNN)- Even as the groundwater table is sinking in Mysuru city and taluk, there is a grave water crisis staring at the citizens as they will be faced with drinking water shortage and hardly any water for irrigation. These harsh facts came to light at an emergency meeting on the condition of groundwater resource, chaired by Deputy Commissioner D. Randeep at the Court Hall in the DC's Office here this morning.

The meeting assumes significance as it discussed the alarming situation of groundwater based on a report submitted at the end of 2013 by the Groundwater Directorate of the Department of Mines and Geology.

The report stated that there is only 413.02 Hectare Metre water for the coming year for irrigation and drinking purposes and hence it is considered very critical and all steps must be taken to replenish the groundwater resources, said Randeep.

There were 487 borewells in the City Corporation limits and 50 in the Mysuru Urban Development Authority limits, he said.

Accessing food by all

There is a statement that there will always be enough to meet everyone's need, but not everyone's greed. In this era that is witnessing a slim, if not a vanishing line setting apart need from luxuries, read greed, it is imperative not only to produce more materials of both need and luxuries taking no break but also consume them diligently, particularly *food*, the greatest and the most needed material to enable accessing it by all, without hardship. Both stakeholders and stockholders in this national task have more than equal responsibility and duty in contributing inputs. Even as the administration is facing hard times for the *rising shortage* of drinking water in large tracts across the country and also not doing enough to prevent air pollution in urban spaces, the hunger scenario of the land is not showing signs of change for the better. Estimates of total food produced annually in the country and the quantity getting lost have been moving upwards in tandem. That raises the many issues relating to satisfying the hunger of the country's *last* citizen.

Creating opportunities of job, read livelihood not only to the already jobless sections in the nation's population but also to its annual addition of about 12 million is only a partial solution to the problem of overcoming malnutrition among the masses. The target population may get cash-rich, in the process, but unless more food flows in the supply chain, it will undoubtedly lead to foodflation—making food unaffordable to larger numbers in the population.

Connecting the factor of income and that of adequate food for all amounts to oversimplifying the problem of access to food by all. Emphasis is being placed in industry circles on raising investment in the food processing sector, mostly conforming to the models of western countries. Not that the problems bugging the sector are not known in clear terms, but the solutions are not emerging with the same clarity. For example, the technologies of food processing are within the grasp of the players in the industry, but the costs associated with adding value to raw materials, logistics packaging and reaching the products to the consuming public have only made the processed foods prohibitively expensive. The prospects of cost reduction are not in the region of reality.

While the foods processed using western technologies, given their higher price tag, fits the budget of about 10 per cent of the families across the country, the wide array of India's traditional foods, acceptable to different sections of society and also affordable have greater prospects of success in accessing food for all.

EDITOR'S BOTTOMLINE

Almost everyone in this world has one or other bad habit. Don't we all have? Many people have the bad habit of smoking. But, if you tell them that it is a bad habit, some will bring in a little bit of philosophy and some would try to support it with medical opinion also. They will say, "Smoking is very exhilarating. It is good for my brain because it brings me concentration." Others will say, "Smoking keeps my bowels free." Others still will confess that it is a bad habit which they find hard to give up. Little do most people realise that it is a bad habit which pollutes their physical system and the atmosphere and causes diseases like cancer. Such examples of bad habits can be multiplied. There is not the strong desire to get free from its grip and that is why some people philosophically say: This habit of mine will die only when I die.

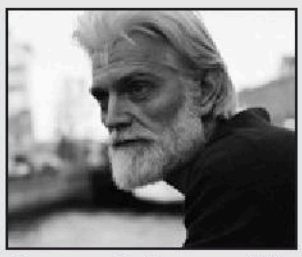
Smallest and loneliest town!

Lincoln: Welcome to Monowi, Nebraska, population 1. According to 2010 U.S. Census data, Monowi is the only incorporated town in the country with only one resident. As the only person living in Monowi, 84-year-old Elsie Eiler, is the town's Mayor, clerk, treasurer, librarian, bartender, among other functions. Every year she hangs a sign in the tavern advertising Mayoral elections and then votes for herself. Federal law also requires her to produce a municipal road plan annually to secure State funding, and pay $500 in taxes to keep the water and electricity turned on. She also does the required paperwork to keep Monowi's incorporated status and prevent it from becoming a ghost town. Despite living alone, Eiler says that she isn't lonely. Six days a week she opens the tavern at 9 am and spends 12 hours serving her regulars, most of whom she has known her whole life.

Here modelling age is above 45



Moscow: Fashion modelling has always been an industry dominated by the young, with most models having to retire around the age of 30. One Russian modeling agency is going against the norm by working exclusively with models aged 45 and. The oldest model on their roster is 85. Moscow-based modelling agency Oldushka was founded by former street photographer Igor Gavar last year. He used to document the street style of retirees on his blog, and the agency was just a natural evolution of his hobby. As the name implies, Oldushka is committed to finding work for older models and broadening their professional opportunities. 18 models are currently represented by the agency, ages 45 to 85, and based in cities across Russia. With the exception of Sergey, a 45-year-old model whom Gavar hired because he "looks older than he is", the agency's youngest model is 60. "Beauty — it's a quality that becomes more valued with years," Gavar told Vogue.

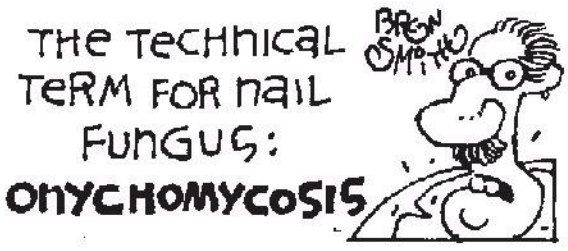
What causes a nail fungus infection ?



A toenail fungal infection is caused by an overgrowth of a fungus that invades the nail. The warm, moist environment of the foot in a shoe is ideal for promoting growth of nail fungus. The same fungus that causes athlete's foot, jock itch and ringworm also causes nail fungus.

Mysuru-Nanjangud stretch on NH 766 turns accident-prone

Sir,

Post-conversion to double lane, the Mysuru-Nanjangud stretch on NH 766 has turned deadly with the accident count ascending each week rather than coming down. Recently, two fatalities that occurred on a single day snatched away two precious lives, one at the Apollo Circle (BDO Office) and the other near the temple on bypass road.

Scene at the first accident was ghastly and heart-wrenching; the victim's head was fully smashed and blood splashed all over. It is a known fact that some specified spots on this highway are highly accident-prone like the ones stated, plus one more at the old Basavanapura Gate right after the Kabini bridge.

With the inauguration of new bus stand last fortnight (near the Railway Station), the situation has turned from bad to worse, as straight-movement of vehicles (towards Ooty) is reduced and almost all vehicles take turn over the Railway crossing close-by to reach the new bus stand. This has aggravated the situation.

It is high time the District Administration took serious note and initiate steps to check the mishaps. Sooner the better. I would suggest that the base at the Apollo Circle be broadened to ease vehicular movement, besides installing a Police chowki or a signal light.

Further, erecting an underbridge at the Apollo Circle may be given a serious thought as a permanent remedy. This is a long felt need. The approach road to the proposed underbridge should start from the Devaraja Urs bridge and tapered slowly.

Similarly, on the opposite direction, the road could be sloped down starting from the Railway signal turning. Once done, this would certainly avoid jamming of vehicles on both the directions as and when Railway Gates are shut to allow train movement that occurs at high frequency. Can we expect a positive step in this direction?

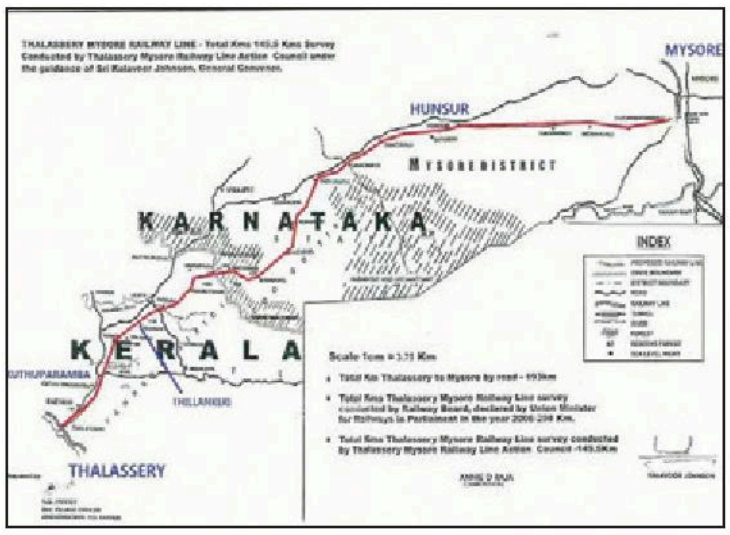
Controversial Thalassery-Mysuru Railway Line

Kerala's hopes dashed as Budget makes no mention of Rail Project



New Delhi, Feb. 2 - Here is some good news for Green Groups and residents of Kodagu as the Union government has not mentioned anything in the 2018-2019 Budget about the controversial Thalassery-Mysuru Railway Line via Manandavadi and South Kodagu. But environmental groups are not in any way relenting from the protests against the Railway line that will spell a doom for the ecologically-sensitive Kodagu and its water sources.

The Railway line did not feature in the combined Union Budget and Railway Budget that was presented by Finance Minister Arun Jaitley in the Parliament yesterday. Earlier reports, especially from Kerala, said that expectations were running high for the newly-proposed Thalassery-Mysuru Railway ahead of the presentation of the Budget.

Reports said that the Konkan Railway Corporation Limited (KRCL), tasked with a physical survey, has submitted its report to the Kerala Rail Development Corporation Limited (KRDL), with a positive feedback that the project is "eco-friendly and feasible". The KRDL, a joint venture company of the Kerala State government and the Railways with 51:49 equity partnerships, aims to develop Railway infrastructure in Kerala.

Sources said the Ministry of Railways had high hopes that the project would get allocations in the last full-fledged Budget of Narendra Modi government. The cost of the project has been pegged at between Rs. 4,000 crore and Rs. 5,000 crore.

Reports from Kerala said that the proposed Railway line that will pass through Koothuparamba, Manandavadi, Thalassery, Kutta, Kanoor, Balele and Thithimathi, to reach Mysuru is not only eco-friendly but also gives weightage to precautionary measures in case of landslides and related disasters.

One of the worrying factors for the new proposal was getting a smooth gradient. Otherwise a double engine would have to be used to tackle the inclination, the reports said. Almost 90% of the forest area would be protected with the construction of tunnels. The eco-friendly measures suggested by the Malabar Mysuru Rail Road Action Council have been accepted with respect to the route passing through Karnataka.

Mandatory environmental clearances have to be secured from the Ministry of Environment, Forest and Climate Change, and finally recommendations from the National Board for Wildlife, chaired by the Prime Minister, and also the Supreme Court.

The revised proposal has been worked out after the Delhi Metro Rail Corporation (DMRC) in its report submitted to the State government earlier had said that the proposed Thalassery-Mysuru Railway Project excluding Wayanad would not be beneficial to Kerala. Now a new Station at Periyapatna would be included in the route as a link to the proposed Mysuru-Kushalnagar Railway line, the reports said.

Protests to continue

C.P. Muthanna

Meanwhile, the protests planned by environmental groups led by Coorg Wildlife Society President and Coordinator of Save Kodagu and Cauvery Campaign Colonel (retired) C.P. Muthanna will continue. A massive protest has been planned in Mysuru on Feb. 18 at J.K. Grounds to draw the attention of the authorities towards the destruction the Railway line will cause to Kodagu.

Speaking to *Star of Mysore*, Col. Muthanna said that though the project has not found a mention in the Budget, it might be sanctioned at a later stage. "The Kerala government is hell-bent on implementing the project and they are not going to leave it at this. They will surely pressurise the Karnataka and the Union Governments to sanction and implement the project. We want to prevent this from happening as it is the question of survival for us," he said.

"The Kerala Government is already pulling all stops to ensure that the project becomes a reality at the expense of Kodagu, its greenery and water sources. And as if to support Kerala's intentions, the South Western Railway (National Railway Development Project) too is constructing a huge building at Stone Hill in Madikeri. All these show that the project is in the pipeline," he said.

He added that all steps, including moving the Courts and National Green Tribunal, will be taken to prevent the project from destroying Kodagu.

Special drive to sensitise passengers on Rail services

Mysuru, Feb.2-South Western Railway (SWR) yesterday launched a three-day special drive for improving integrity in delivery of services to passengers and customers besides boosting motivation of the staff.

All the three Divisions of South Western Railway — Hubballi, Mysuru and Bengaluru — have started the drive in right earnest. Special focus is being given to check whether any Railway staff are demanding money from passengers for rightful services.

Officers of Commercial, Vigilance Departments and Railway Protection are carrying out personal checks at all major Stations. Senior officers are also inspecting Railway Stations.

The Chief Commercial Manager (CCM) visited Hubballi Station while the Divisional Railway Manager Mysuru visited Mysuru Station as part of this drive and interacted with the passengers.

Apart from this, banners are displayed at major stations for sensitising passengers to inform or report any cases that come to their notice of demanding money through Mobile or WhatsApp to: 9731665981 and 9731665089 with details and evidences.

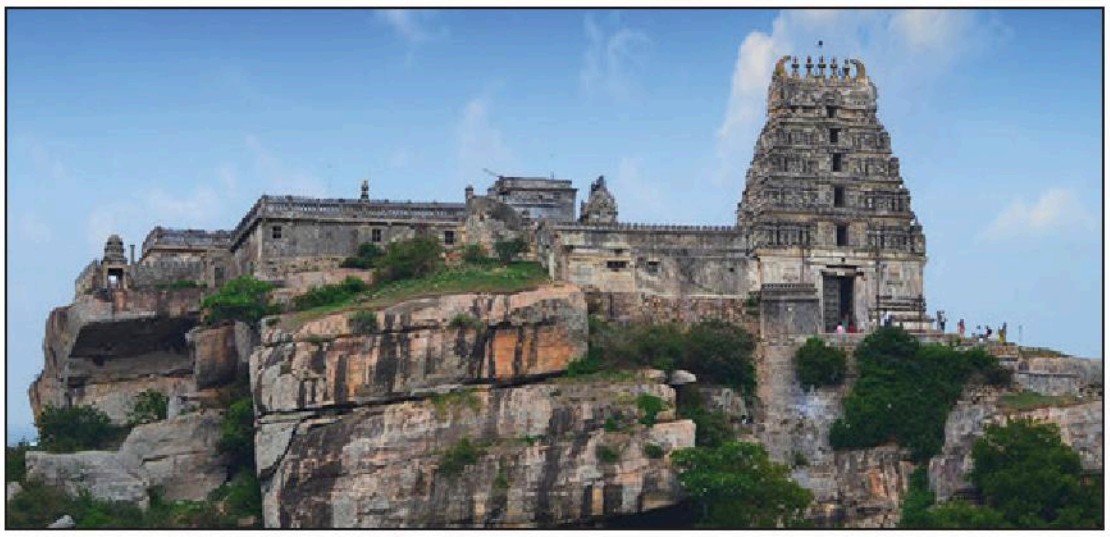
SMS campaign to increase awareness among public is also being planned by SWR. Announcements are made and scrolling display being given in electronic train indication boards; CCTVs at stations are being displayed to convey the message to all passengers. Posters at ticketing counters have been pasted in major Railway Stations.

Social media such as SWR internet website, Twitter and Facebook are being specifically used in this drive.

SWR, has in a press release, appealed the public to play the role of a responsible citizen and passenger and not offer any money for out of turn seat allotments.

Pornography clips in mobile phone

Melukote Yoganarasimhaswamy Temple Chief Priest booked



Melukote, Feb. 2 (Santhanam &BCT) - The Pandavapura Judicial Magistrate First Class (Junior Division) Court has ordered investigation against the Chief Priest of Melukote Yoganarasimhaswamy Temple Narayana Bhatta for allegedly possessing and viewing pornography clippings. He was accused of downloading various porn apps on his mobile phone and the Court has, on Jan. 29, ordered a probe.

An FIR (09/2018) has been filed in this regard on Jan. 31 by the Pandavapura Sub-Police Station and the Court has asked the Police to submit an investigation report.

Apart from possessing and viewing porn material, Narayana Bhatta was accused of preventing Prof. Bhashyam Swamiji, the government-appointed priest to perform pujas at the temple. Bhatta was accused of insulting and using expletives and unparliamentary words at Prof. Bhashyam Swamiji when he came to the temple in December last year.

It may be recalled that Bhashyam Swamiji, based on the Government Order, had visited the temple in Melukote to report to his duty on Dec. 11. But priest Narayana Bhatta did not allow him to offer puja to the deity which had resulted in wordy duel between the two.

Later, the Police registered an FIR against Prof. Bhashyam Swamiji and his brothers Sheshadri and Srinivasan following a complaint by Narayana Bhatta, who accused the trio for trespassing into the temple, abusing, threatening and snatching away his mobile phone.

Bhashyam Swamiji and his brothers have been booked under IPC Sections 323 (voluntarily causing hurt), 504 (intentional insult with intent to provoke breach of the peace), 506 (criminal intimidation) and 384 (extortion) r/w 34 (acts done by several persons in furtherance of common intention).

Bhashyam Swamiji, who was appointed by the Department of Muzarai and Religious Endowment as a substitute priest to conduct puja rituals at the Temple in the absence of the regular priest Narayana Bhatta, had earlier complained to Mandya Deputy Commissioner C. Manjushree and had said that Narayana Bhatta had pornography apps on his mobile phone.

Later as per the DC's instructions Bhashyam Swamiji visited Mandya SP with his complaint while the SP asked him to approach the Pandavapura Police Station to file his complaint. The Police, who received the complaint, had recovered Bhatta's mobile but they had not registered a case against Bhatta.

Sheshadri later knocked the doors of Pandavapura Judicial Magistrate First Class (Junior Division) Court which ordered the Police to seize Bhatta's mobile phone and submit a report. The Court ordered the Police to book Bhatta under IPC Sections 504 (intentional insult with intent to provoke breach of peace), 506 (punishment for criminal intimidation), 292 (sale and possession of obscene material) and Information Technology (IT) Act under Column 67-68(A) (punishment for publishing or transmitting obscene material in electronic form).

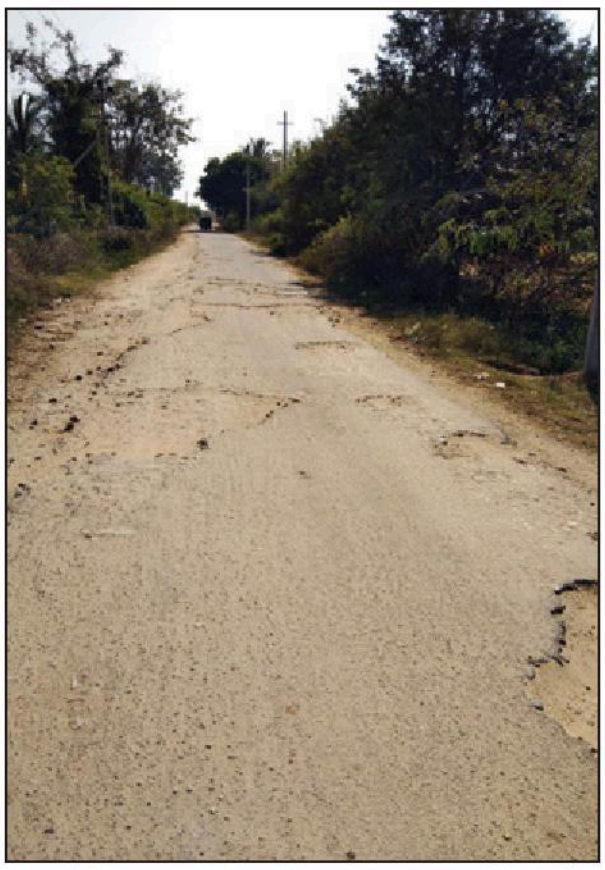
Kannambadi Venugopalaswamy Temple cries for attention

The Venugopalaswamy Temple that has been relocated and refurbished by the Khoday Foundation.



One of the narrow and unmotorable roads that lead to the temple which does not even have any signboard.

By Nagaiah Lalanakere

One of the most prominent and emerging tourist spots near Mysuru is the Venugopalaswamy Temple at Hosa Kannambadi, near Krishna Raja Sagara (KRS) Dam. Sadly, the surroundings of the beautifully constructed temple that is an architectural marvel is in a bad shape with crater-filled roads and lacks any sort of basic facilities.

The original temple is said to be built at the same time when Channakeshava Temple was constructed at Somanathapura by Hoysala rulers during 12th Century. Earlier, the temple was located at Kannambadi village. But with the construction of KRS Dam, the entire village of Kannambadi submerged, including the temple structure. At this time, the then King Nalwadi Krishnaraja Wadiyar ordered for the construction of the new village which was named Hosa Kannambadi.

There were a couple of temples at Kannambadi village when Sir M. Visvesvaraya planned the KRS reservoir, as the Chief Engineer of Nalwadi Krishnaraja Wadiyar in 1909. When the project was completed across a lake there by 1930, three major temples of Kannambadi village submerged in the reservoir waters. While one was an Eshwara Temple, the other major one was the Venugopalaswamy Temple. The third one was a small one dedicated to Kalamma, a local deity.

The construction of the KRS Dam began in 1909 and by 1930 the entire Kannambadi village was submerged. It was during the year 2000 that the temple resurfaced when water levels in the reservoir dropped.

Seeing the architectural beauty of the temple, Khoday Foundation, under the guidance of Sri Hari Khoday, relocated the building block-by-block at a cost of Rs. 2.5 crore. More than 200 workers and machines removed the carved stones and pillars of the temple, after marking each one of them. The relocated temple has been built in the original shape and architecture.

However, the efforts of the Khoday Foundation in conserving the ancient temple are not supported by the local administration that has literally neglected the surrounding areas. The temple has become very difficult to access owing to poor quality of road which has never been asphalted and full of potholes and craters.

Hundreds of visitors frequent the temple that desperately need infrastructure like shelters, benches and toilets. Visitors are forced to ease themselves in the open areas leaving the entire area around the temple stinking with unbearable stench. When the temple was shifted to a better location, people were happy expecting a good infrastructure and access road but they still remain a distant dream, thanks to the callousness of the local civic authorities.

Added to the woes of the visitors, there is not even a single signboard to indicate the way to the temple. Visitors have to seek directions from the villagers and passers-by travel through narrow roads of the villages braving stray dogs and cows which squat on the roads, blocking traffic. It is worse after evening as almost all the roads are deserted and there is no one to ask for directions. There are no street lights too.

The new location of the temple is about one kilometre to the North of the original site where the backwaters would touch the outer walls of the temple if KRS water level touches 124.80 ft, its maximum capacity. The relocated temple is located around 9 kms by road from Brindavan Gardens. It is around 30 kms from Mysuru.

The Central and State Governments have been hyping on Swachh campaign. But this place is always strewn with trash to remain as a living testimony of gross neglect and mockery of cleanliness campaign.

There are a host of small scenic tourist spots around the KRS Dam like the Venugopalaswamy Temple with no proper access which has really disappointed the visitors.

Another view of the Venugopalaswamy Temple regularly flocked by tourists.

The original temple that had been submerged by KRS backwaters.

Mahila Empowerment Party to contest in Karnataka

National President Dr. Nowhera Shaik promises to protect interest of all communities; seeks people's mandate

All India Mahila Empowerment Party National President Dr. Nowhera Shaik being felicitated at a programme in Rajivnagar here yesterday.

Mysuru, Feb.2(SBD&NNN)- It looks like many new parties are entering the fray ahead of the State Assembly elections. After actor Upendra's Karnataka Pragnyavantha Janata Party (KPJP), former Dy. SP Anupama Shenoy's Bharatiya Janashakthi Congress (BJC) and Kolar MLA Varthur Prakash's Namma Congress, the latest political outfit is the All India Mahila Empowerment Party (AIMEP). This apart there are the regular parties like Congress, BJP and JD(S).

AIMEP National President Dr. Nowhera Shaik said that her party will contest the elections and is confident of playing a major role in the formation of next Government.

She was speaking after inaugurating a public meeting organised by AIMEP near the Al Badar Circle Grounds in Rajivnagar, here yesterday. She said that the present political parties are dividing the nation by trading charges against one another. They are trying to create dissent among religious groups appealing to people's emotions.

The people are fed up with all the parties after giving them a chance. At such a time, they are waiting for a party that respects the Constitution and treats every caste, religion, community equally. "Our party is going to contest in all the constituencies and seek people's blessings," said Dr. Shaik.

All the parties are ignoring women. No party has made effort to give 50 per cent of the tickets to women and empower them politically. Women who are the backbone of families are suffering as they have become anaemic. Even though there is problem of food, none is talking about hunger and food security, she alleged.

The Budget papers look really thick when they are presented and the government talks of spending lakhs of crores of rupees. However, it has not been able to provide even basic necessities like water to the people. The poor families continue to live in huts and slums, she said.

The Hindus, Muslims, Christians, Jains, Parsis, Sikhs and others should all be able to live harmoniously under the Constitution. The regional imbalance must go. Hence, public must elect the right persons and the party. People should support AIMEP which has Diamond as its symbol, she said.

AIMEP District President Sharief, City Unit President Mangala Gowri, leaders Sunitha, Mandya's Sai Mandir Dharmadhikari Bhaskar Rao and others were present.

Dr. Shaik comes in chariot: All India Mahila Empowerment Party President Dr.Nowhera Shaik was welcomed near the Toll Gate on Mysuru-Bengaluru Road and brought on a chariot in a procession. The chariot passed through LIC Circle, Fountain Circle, St. Philomena Church, main roads in Udayagiri and reached the Al Badar Masjid Grounds in Rajivnagar. Hailing from Tirupati, she is a business tycoon and a human rights activist. Dr. Shaik is the founder and CEO of Heera Group and has business interests in gold, jewellery, real estate, electronics, granite and textiles. She is involved in social service that includes providing free education and medical service.

Borrowing loans is Siddu Govt's only achievement: MLA C.T. Ravi

Mysuru, Feb. 2 (MTY&US)- "The Congress Government must own the responsibility of killing 25 BJP and Sangh Parivar activists and it can claim it as 'achievement'," said BJP MLA C.T. Ravi here yesterday.

He was speaking to media persons prior to the BJP executive meeting at a private hall at Nazarbad in city. He said that the Siddharamaiah's government's only achievement is borrowing loans and drowing people under debt.

Continuing, he said that the mounting corruption, harassment of Dalits and rampant suicide of farmers were the living testimony of the wrong doings of the State Government for which Chief Minister Siddharamaiah should take total responsibility.

"The Congress government in the state is definitely a 'Kaurava' government and Siddharamaiah is 'Duryodhana', its head," Ravi quipped. "The CM has said that the upcoming Assembly poll in the State is Kurukshetra war wherein Congress is the Pandavas side and BJP is the Kaurava side. But the Congress government is tainted with corruption, murders, rapes and communal clashes. How can it be the Pandava side?" he questioned.

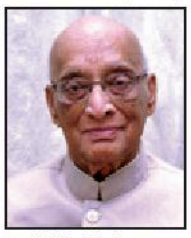
"Lord Krishna is on the side that is Pandava. You have no mind to see Udupi Sri Krishna. You behave like enemies of Krishna. How can you be Pandavas?" Ravi asked Siddharamaiah. He appealed people to support Prime Minister Narendra Modi in his vision to build a New India.

When media persons asked about the silence of BJP over Mahadayi River water sharing issue, Ravi said that Goa CM Manohar Parrikar had agreed to release two TMC water for drinking purposes. However, he alleged that internal squabble among legislators in Goa was responsible for dragging the Mahadayi issue which should be again resolved by the Congress only.

Speaking about the issue of BJP tickets for Assembly polls, Ravi said that an internal assessment survey of possible candidates has already been done and only the best would be chosen. Referring to party-hoppers, he said that the BJP is never bothered about who comes in and who goes out.

Former Minister S.A. Ramdas, City BJP President B.H. Manjunath, Corporator Nandeesh Preetham, leaders H.V. Rajeev, former MUDA Chairmen C. Basavegowda and K.R. Mohan Kumar and others were present.

U.M. Madappa, member of First State Assembly, passes away



U.M. Madappa

Chamarajanagar, Feb.2- U.M. Madappa, a member of the First State Assembly formed in 1952, died on Thursday at a Private hospital in Bengaluru following brief illness.

He was 96. He is survived by wife Nagarathamma, sons U.M. Prabhuswamy, U.M. Mallesh, U.M. Nandish and Dr. U.M. Nagamallesh and daughters Umadevi and Shaila.

Born in 1922 at Udigala in Chamarajanagar Taluk, Madappa earned his degree from Maharaja College in Mysuru and later studied law in Belagavi and plunged into politics. He was elected to the First State assembly from Chamarajanagar constituency in 1952 on Kisan Mazdoor party ticket.

He started a degree college and had pressed for Chamarajanagar-Sathymangala Railway line and Chikkahole and Kabini second phase irrigation projects.

Later, he contested on a PSP ticket and won again in 1957. Later, he joined Jayaprakash Narayan movement during emergency and switched to Janata Party and served as its president in Chamarajanagar. He had also served as a University of Mysore Senate member and as a founder director of Mahadeshwara Sugar Factory at Kunthru in the district.

Madappa, who won two elections spending less than Rs. 5,000 each, had strongly objected to the election commission's decision to increase the expenditure limit for Lokasabha election to a maximum of Rs. 70 lakh.

Madappa was among the serving 3 members of the first State Assembly who were felicitated by the Government at the 'Vidhanasabha-60' programme organised a couple of years ago.

His last rites were performed at his farmland at Udigala in the Taluk this afternoon.

Two-day national seminar on Autism Spectrum Disorders at AIISH

Dr. Prathibha Karanth, Director, COMDEALL, Bengaluru is seen inaugurating the National seminar at AIISH yesterday.

Mysuru, Feb.2(US&PM)- A two-day National Seminar on 'Traversing the frontiers of main stream with Autism Spectrum Disorders (ASD)' organised jointly by Department of Special Education and All India Institute of Speech and Hearing (AIISH) began yesterday at the seminar hall of Academic block in AIISH premises in city.

Over 100 professionals and trainees in the fields of speech and hearing, special education, psychology and social work from Karnataka, Andhra Pradesh, Tamil Nadu and Kerala are participating in the seminar. Experienced professionals and caregivers will deliberate on handling persons with ASD through presentations and demonstrations.

Inaugurating the programme, Dr. Prathibha Karanth, Director, COMDEALL, Bengaluru recalled her long association with AIISH.

Presiding over the function AIISH In-charge Director Dr. Asha Yathiraj opined that children with ASD should be motivated by parents and special teachers. She appealed parents not to treat such kids as curse. She contended that autistic children too can evolve good ideas sometimes and hence should be monitored closely.

HOD of special education Dr. M. Pushpavathi and others were present on the occasion.

Protests galore in city

Mysuru, Feb.2 (OSR)- It was a day of protests in city this morning as several activists staged demonstrations on different issues at different venues. While the BJP activists protested at Kote Anjaneyaswamy Temple against the killing of fellow party worker Santhosh, Socialist Unity Centre of India staged a demonstration at Gandhi Square in protest against the Centre's move to allow 100 percent FDI.

Bahujan Samaj Party (BSP) staged a demonstration in front of the DC Office in protest against rising prices of fuel and other essential commodities while Karnataka Rajya Nayakara Hitharakshana Vedike staged a demonstration in front of the DC Office demanding fulfilment of their various demands.

Earlier, the BJP had planned the protests at Gandhi Square but had to switch the venue to Kote Anjaneyaswamy Temple as the Police denied permission. BJP activists demanded NIA probe into the murder of Santhosh in Bengaluru.

Twenty-eight-year-old Santhosh, a BJP worker, was stabbed to death by a group of four people in JC Nagar in north Bengaluru on Wednesday night, when he was putting up buntings for the BJP's Parivartana Rally, scheduled to be held in the city on February 4.

Addressing the protesters, City BJP President Dr. B.H. Manjunath sad that the Congress government led by Siddharamaiah was systematically eliminating BJP and RSS workers and as a result, over 25 party workers have been murdered in Karnataka since Siddharamaiah came to power in 2013.

Corporators B.M. Nataraj, Nandeesh Preetham, Snake Shyam and others were present.

SUCI protest

Over 25 activists of Socialist Unity Centre of India (SUCI) staged a demonstration at Gandhi Square in protest against the Centre's move to allow 100 percent FDI (Foreign Direct Investment) in single brand retail business.

Maintaining that 100 percent FDI in single brand retail business poses a serious threat to the livelihood of lakhs of small traders and street vendors, the protestors urged the centre to drop the move as it was against the interest of the nation and also render crores of people jobless.

BSP demonstration

In another protest, over 25 workers of Bahujan Samaj Party (BSP) staged a demonstration in front of the DC office against rising prices of fuel and other essential commodities.

Nayakas demand facilities

In yet another protest, Nayaka community members, under the banner of Karnataka Rajya Nayakara Hitharakshana Vedike, staged a protest in front of the DC office demanding fulfilment of their various demands.

The demands included establishment of a separate ministry for scheduled tribes, ST community reservation hike from the existing 3 percent to 7.5 percent, installation of Valmiki statue in city, setting up of ST women hostels at all taluk centres, and allotment of 5 acres of land for establishment of Valmiki Mutt. Vedike office-bearers Dyavappa Nayaka, Annaiah Swamy, Mahesh led the protest.

South Western Railway Mazdoor Union

The members of South Western Railway Mazdoor Union staged a protest in front of the Railway DRM office demanding revisision of minimum wages from Rs. 18,000 and fitment factor from 1.1.2016.

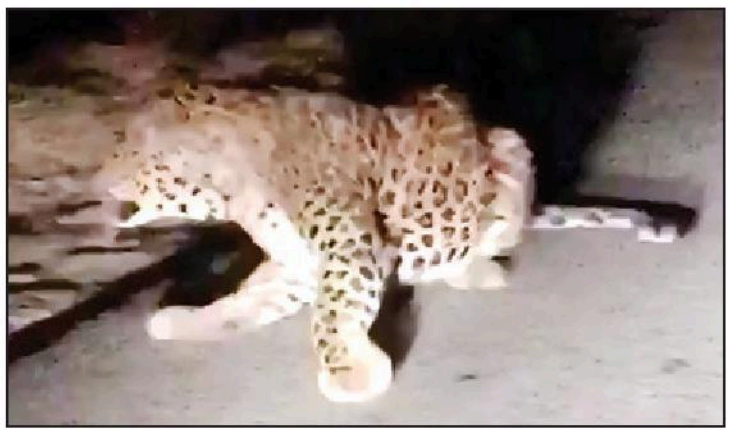
Frequent sighting of leopards in city and outskirts create panic



The leopard sighted atop Chamundi Hill on Wednesday.

Mysuru, Feb. 2 (MTY&KS)- Following frequent sightings of leopards in city and fringe areas, the Forest Department that is planning to trap and release them into their habitats away from human-populated areas, has ordered six hi-tech cages that are expected to arrive soon.

Disclosing this to Star of Mysore, DCF (Wildlife) V. Yedukondalu said that there were 20 cages in Mysuru District and six more have been ordered.

Stating that there are about eight leopards in Chamundi Hill, he said that cages have been placed at NIE College campus and Mandakalli Airport premises where they were sighted recently after conducting combing operations there. He, however, added that there are no reports of leopard attacking humans.

He said that the public need not panic as the leopards are ten times afraid as we are and they are very shy animals who come to urban habitats in search of food under the cover of darkness.

The DCF said that the Forest Department would be conducting training to the staff of Revenue and other Departments soon on 'How to drive away leopards when sighted in urban parts, precautionary measures to be taken to avoid them entering human habitat, measures to be taken while transporting them after they are trapped, etc.'

It may be recalled that in the past one week, leopards were sighted at Lalithadripura, K.C. Layout, Mandakalli Airport and J.P. Nagar. At J.P. Nagar, the feline entered the premises of an apartment and injured a dog.

On Wednesday night, M. Kumar Garade, a resident of Siddhartha Layout in city, who was on a long drive in his Maruti Swift car sighted a leopard sitting on the middle of the road atop Chamundi Hill had videographed it. The video, showing the leopard moving close to the vehicle and staring frequently at the occupants of the car, is doing rounds in the social media.

A video of a leopard and a porcupine walking on the road near the Race Course is also doing the rounds.

Meanwhile, experts say that large scale unscientific dumping of animal waste on the outskirts of the city was attracting stray dogs. Leopards come in search of dogs, its favourite meal, and sometimes enter localities close to the forest area.

Water Table Sinking

(Continued from page 1)

The DC added that there were also many illegal connections. Many, who had dug the borewell for domestic purpose, were using it for commercial purpose by illegally supplying water in tankers.

Randeep directed the officials to come out with new rules. Hence, in the future if anyone wants to dig a borewell in city, one has to apply to the Vani Vilas Water Works (VVWW) for permission. This application will be forwarded to the Groundwater Directorate who will do the spot inspection. After a No Objection Certificate is issued, then it will go to the Assistant Commissioner where a DC-level Committee will finally give its approval, he said. He asked the officials to compulsorily bring the new plan into force.

Apart from this, in the future all buildings and private houses must have rainwater harvesting (RWH) and compulsorily groundwater recharging units, he said.

The DC directed that steps should be taken on a war footing and all illegal borewell connections seized.

The DC suggested the officials to hold a half-a-day workshop on groundwater resources with officials of Vani Vilas Water Works, MUDA, MCC, Environment Department, Minor Irrigation and Groundwater Directorate to create awareness about the critical situation that Mysuru City and taluk is facing.

Groundwater availability in city, Taluk

The Mysuru City and Taluk has a groundwater availability of 5,473.39 Hectare Metre (HM) out of which the availability for irrigation purpose is 3,553.30 HM and for domestic and industrial purposes it is 1,398.64 HM. The drinking water requirement for the next 25 years is 1,693.12 HM but right now the water table has sunk to 413.02 HM.

However, the situation is not alarming in other taluks in the District. While K.R. Nagar the groundwater availability is 7,991.34 HM, in T. Narasipur it is 13,206.26 HM, Nanjangud 10,938.41 HM, Periyapatna, 7052,77 HM, H.D. Kote 7527.93 HM and Hunsur 6291.62 HM.

The total availability of groundwater availability in whole of Mysuru District is 14,83,300 HM out of which groundwater availability is 8,76,343 HM and Domestic and Industrial usage is 99,215 HM.

Senior Geologist, Minor Irrigation and Groundwater Directorate K.B.R. Chowdhary, VVWW Executive Engineer Anand, Asst. Commissioner Shivegowda, MUDA Executive Engineer N.Raju and others were present.

'He told me that he will return soon but ended up at Hospital'

Accident victim's relative Car Babu shocked

Mysuru, Feb. 2 - "He took the car and told me that he would return soon. But fate willed otherwise and my distant relative Ryanulla Rehman is in the hospital now. I never imagined that the car will over-speed and meet with an accident, snuffing out three young lives." These were the words of Car Babu, who owns a car showroom near NIE.

The Hyundai Verna car (KA-09 MA-6116) met with an accident near Dattagalli on Wednesday afternoon killing three persons and injuring another two persons who are recuperating at a hospital.

The deceased students are Mohammed Farhan (22) of Hunsur and a first year BBM student at St. Joseph's College, Mysuru, Syed Aseem (21) of N.R. Mohalla and Divya (20), a B.Sc student at Maharani's College.

The seriously injured are 23-year-old Ryanulla Rehman, a Hunsur College student and 21-year-old Spoorthi, a student of SJCE and a resident of Kuvempunagar. Mohammed Farhan and Aseem, who had written their BBM exams, had passed and they decided to celebrate. They called their friends and Rehman borrowed the car from of his relative Car Babu.

At about 2.30 pm, Rehman, who was behind the wheels, lost control of the vehicle near the CESC office and hit a roadside divider. The impact of the accident was such that the car toppled three times and its rear door got detached. Farhan, Aseem and Divya, who were seated behind, were thrown out of the vehicle and killed instantly.

The car was previously owned by former Mayor R. Lingappa who had sold it to one Shashank, through Car Babu and Shashank had given it to Car Babu to sell it about 15 days back. "I had kept the car in the showroom and Ryanulla, who is my distant relative, told me that he needed the car for a few hours. Ryanulla has a Toyota Fortuner and on that day, his father had taken the car. As Ryanulla needed the vehicle, I gave it to him after making sure that he had a DL. I got a call at 2.30 pm and was shocked to hear that the vehicle has met with an accident," Car Babu said.

"When the car is in our possession, many people come to us for test drive. We make sure that they have the DL. In this case too, I have followed the procedure. It pains me to hear that three young persons have died," Babu added.

Meanwhile, doctors said that Ryanulla Rehman and Spoorthi are out of danger and they will be discharged soon.

HC allows State to implement KSOU panel report

Bengaluru, Feb. 2 - In a huge relief to thousands of students, the Karnataka High Court yesterday permitted the State government to implement suggestions of an expert committee, which has recommended to the State to initiate a one-time measure to validate marks cards issued to students of non-technical in-house courses for academic years 2013-14 and 2014-15.

Justice A.S. Bopanna passed the order while modifying the earlier interim order and clarified that the government can implement only those suggestions made under the title "recommendations to protect the interests of students" of KSOU. However, the government for now cannot act on the other recommendations of the committee, which was headed by Chief Secretary K. Ratna Prabha, who was then Additional Chief Secretary.

The Court modified the order while hearing a petition filed by the KSOU Non-Teaching Employees' Association, which had questioned the government's power to constitute the expert committee to look into issues of KSOU while contending that only the Chancellor has such power. The Association, however, had not challenged the issue related to protecting the interests of students as this subject was referred to the committee at a later stage.

"...The government can issue an order to validate and recognise the marks cards and may take up the matter with the Chancellor to award the degree certificate, which will be of use for seeking public employment, departmental promotional opportunities and also pursuing higher education. This should be done within 15 days so that the time lost is made up," the committee suggested.

It also suggested that KSOU take up a drive and ensure all students of previous years, prior to 2013, who have not been given marks cards and degrees are also addressed, and students who have not completed their courses of various batches should also be allowed to complete the non-technical courses and degrees awarded to them.

The committee, however, said it was illegal on part of the KSOU to offer technical courses under the Academic Collaborative Institutions as the UGC had not granted recognition to technical courses.

CM to distribute offer letters at Valedictory

Mysuru, Feb. 2 (US&RK)- In the context of a Mega Job Mela being organised by the Skill Development Corporation, Government of Karnataka on Feb. 23 and 24 at Maharaja's College Grounds in city, Deputy Commissioner (DC) D. Randeep conducted a meeting of Employment Officers of Mysuru, Chamarajanagar, Kodagu, Hassan and Mandya district at his office here recently.

Randeep said that the Mega Job Mela would be inaugurated by Minister for Labour Santosh Lad on Feb. 23 at 9 am. He further said that Chief Minister Siddharamaiah would participate in the valedictory function on Feb. 24 and distribute offer letters to candidates selected at the job mela.

The DC said that about 10,000 candidates are expected to attend the job mela with about 300 companies participating in the event to fill up vacant posts.

He asked the employment officers to organise a preparatory camp at the respective district on Feb.18 as a prelude to the job mela to groom the candidates in soft skills to face the interview. Continuing, Randeep said that he would ask KSRTC officials to deploy extra buses to ferry the candidates to the mela from various places. He added that schools in the vicinity of the venue would be asked to accommodate the candidates.

Employment Officers Bharani (Mysuru district), C. Jagannath (Kodagu), P.M. Uma (Chamarajanagar), J.P. Vijayalakshmi (Hassan), K. Shivamurthy (Mandya) and other officials attended the meeting.

PM's Jan Aushadhi project receives good response from public

MP Pratap Simha thanks Union Minister Ananth Kumar for allowing more Jan Aushadhi outlets in district

Ananth Kumar & Pratap Simha

Mysuru, Feb. 2 - Following the establishment of 28 Jan Aushadhi outlets in the district, the highest in the State and 16 in Mysuru city, Mysuru-Kodagu MP Pratap Simha yesterday met Union Minister for Chemicals and Fertilizers Ananth Kumar and thanked him for his role in establishing Jan Aushadhi outlets in Mysuru District.

The scheme which is being mentioned in the PM Modi's public speeches has helped realise his 'Health for All' mission to a large extent and has also received good response from the public.

The MP said that Pradhan Mantri Bhartiya Jan Aushadhi Pariyojana is a campaign launched to provide generic drugs, which are available at lesser prices but are equivalent in quality and efficacy as expensive branded drugs to all, especially the poor through special outlets known as Pradhan Mantri Bhartiya Jan Aushadhi Kendra and asked the public to make use of it.

He further said that those who want to open Jan Aushadhi outlet and having D. Pharma certificate and license may contact him at his office.

Mahout suffers serious injuries as tamed elephant attacks him

Siddapura, Feb. 2 (KS) - A mahout suffered serious injuries, when a tamed elephant attacked him, when he was removing the chains to allow it into the forests at Dubare Elephant Camp yesterday morning.

The injured mahout identified as 40-year-old Appaiah was removing the chain of elephant Gopi yesterday morning, when it attacked him with its tusks suddenly leaving him seriously injured.

Appaiah was rushed to the Community Health Centre in Siddapura, where he was provided first aid and later shifted to Madikeri General Hospital for further treatment. He is said to be out of danger. A case has been registered at Siddapura Police Station in this regard.

It may be recalled that a tamed elephant identified as Karthik had killed two mahouts at Dubare recently.

Curbing crime: 16 CCTV cameras installed at Gokulam

DCP Dr. Vikram V. Amathe seen lighting the lamp to launch the CCTV cameras at former revenue officer T. Raju's house in Gokulam here on Jan. 31.

Mysuru, Feb. 2- In a bid to curb crime at Gokulam, which comes under the purview of V.V. Puram Police Station, as many as 16 CCTV cameras have been installed in the locality to keep a watch.

The decision to install CCTV cameras was arrived following many awareness programmes that were launched by Mysuru Police, and based on feedback from Beat Police in the area.

As part of the awareness initiatives undertaken by V.V. Puram Inspector P.S. Suraj and team, the residents of the area are being informed about the advantages of CCTV cameras.

The cameras have been set up at various key locations across Gokulam, including Gokulam 3rd Stage, 9, 9A and 10th Main Road. Former revenue officer T. Raju, who was assisted by youngsters of Gokulam – Vinay Vaidyanathan and Karthik Raj – helped about 22 residents of the area install CCTV cameras near their homes. The cameras are high-end versions and have high definition and focus.

These cameras were unveiled by Deputy Commissioner of Police (Crime) Dr. Vikram V. Amathe at Raju's home on Jan. 31.

In a press release, the Police have requested residents of the city to install CCTV cameras in their homes, since it could come in handy during investigations.

Traffic Police conduct
'Friendly Enforcement Drive'
Traffic rule violators not penalised, Cops let off offenders after issuing them traffic advisory slips

Mysuru, Feb. 2 (RK&KS) - The Mysuru Traffic Police which has made it mandatory to wear ISI mark helmets about a month back and gave time to motorists (two-wheeler riders) till Jan. 31 to purchase ISI mark helmets conducted 'Friendly Enforcement Drive' in city yesterday.

But the Cops refrained from imposing fines from those who were not wearing certified helmets, but instead, issued them traffic advisory slips to educate them.

The drive was held throughout the day at all the major thoroughfares and junctions across the city from 9 am to 7 pm to ensure safety of motorists and a total of 8,000 traffic advisory slips were issued.

Bikers who were found triple riding, car drivers not wearing seat belts and those who did not possess required documents such as Driving Licence (DL), Registration Certificate (RC), etc. were given traffic advisory slips for all such violations.

City Police Commissioner Dr. A. Subrahmanyeswara Rao said that it is mandatory for all two wheeler riders to wear ISI mark helmets as per the rules and added that it is to be known why the Bengaluru Traffic Police withdrew the rule.

He said that the drive would continue in city.

ADMISSION OPEN

WORD OF THE DAY

Obsequious

Pronunciation: uh b-see-kwee-uh s
Meaning: Obedient or attentive to an excessive or servile degree or fawning.
Origin: The English adjective obsequious, a direct borrowing from Latin ob-sequiōsus, has undergone pejoration (change in meaning for the worse) from its Latin original. The Latin word means “obedient, compliant,” which is the original English meaning of the word in the 15th century. By the end of the 16th century, in Shakespeare’s time, obsequious developed the meaning "dutiful in showing one’s respect for the dead." Its current sense, "fawning, servile," dates from the early 17th century.

THE ODD WORD

Congruent

In agreement or harmony. Suitable; appropriate

PHRASE OF THE DAY

Whole bag of tricks

Meaning: Trying all the clever means to achieve something.
Example: It was really difficult to find the information even after applying the whole bag of tricks.

QUOTE BOX

The great artist is a slave to his ideals. **—Christian Nestell Bovee**

RIDDLE THIS

Marble walls as white as milk, lined with skin as soft as silk, in a fountain crystal clear, a golden apple will appear, there is no key to this stronghold, yet thieves break in and steal the gold. What is it?

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

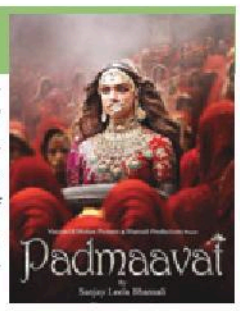
QBXQWH KCKEQEI ETI DITQFKGU GL ETI

XKYYIU XTIY WGN BGHI.

TODAY’S CLUE: G EQUALS O

Wednesday's Cryptoquip: The reserve of modern assertions is sometimes pushed to extremes, in which the fear of being contradicted leads the writer to strip himself of almost all sense and meaning

EDITOR'S CHOICE



PADMAAVAT *(formerly titled Padmavati) is an epic period drama film directed by Sanjay Leela Bhansali. Based on the epic poem Padmavat (1540) by Malik Muhammad Jayasi, the film narrates the story of Padmavati, a Rajput queen who committed jauhar to protect herself from Khilji. Deepika Padukone stars as Rani Padmavati, alongside Shahid Kapoor as Maharaja Rawal Ratan Singh and Ranveer Singh as Sultan Alauddin Khilji.*
